

Dario “Von” Ricci

Veneto, Italy-37

- Dario is a sculptor. He exclusively uses objects that were acquired through dumpster diving in his pieces. Many of his pieces contribute to his environmental activism work.
- His message is about planet protection and ending practices that create unnecessary damage to the environment.

Leto Asra

Cedar Falls, Iowa-32

- He creates digital art, including video, audio, and photography. He writes songs and poems and includes them in his works. His main focus is video production.
- He believes that life is taken too seriously, and nothing is real and communicates that through his art.
